## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 8-12, 20, and 21 allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 8-12, 20, and 21 allowable since certain key features of the claimed invention are not taught or fairly suggested by the prior art. In claim 8, "a wireless receiver to receive the transmitted translated voice data from the personal computer and to receive electronic voice signals from the stylus". In claim 12, "the PDA receiving the electronic voice signals transmitted from the hand-held stylus; the PDA storing the electronic voice signals when the PDA is located geographically away from the PC such that communication between the PDA and the PC is not possible; the PDA transmitting the electronic voice signals to the PC when the PDA is located geographically such that communication between the PDA and PC is possible; the PC transmitting the translated voice data to the PDA". The closest prior art of record however singularly or in combination fails to anticipate or render the above underlined limitations obvious.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
